

Scan-me

Kidola is a web app. No need to download Kidola on the playstore or the app store. Just open your web browser (Chrome is better or Safari, firefox etc.). In the URL bar, write: **kidola.app**

You should have received the password by email. If you don't have it, you can click on forgot password (mot de passe oublié in french). You'll receive an email with a link to create a new password. (**remember to check your spam folder if you don't receive anything**)

To make it easier to access Kidola on your android phone, you can install a shortcut.

- 1/. In **Chrome**, when you're in Kidola, select the **3 little dots** at the top right corner.
- 2/. Then click on add to home page or install app.
- 3/. **Validate** and you're good !

On an Iphone, using Safari, you can create a shortcut

- 1/. on **Safari**, when you're already on a Kidola page, you can select the **share icon** at the bottom center.
- 2/. look for and select **+ add to home screen**
- 3/. **Validate** and you're set

Now you have a Kidola icon on the homepage of your phone. You can now quickly access your profile and your child's photos. 😊
